- a. rural b. urban c. farmstead d. countryside

B. Translate the following passages into Persian.

- I A recent report by the World Bank suggests that world population will continue its rapid growth for some time, but that its rate of increase will begin to slow down during the 21st century. (1)
- II The high birth rates of so many of so many of the world's countries fuel the population explosion, in our life time, population changes has become a synonym for population growth. (1)
- III The ancient farmers knew little about conservation – how to contain disease, how to keep the soil productive, how to fertilize, how to irrigate. (1)
- IV People migrate to urban areas with expectation of a better life, which all too often fail to materialize, particularly in the underdeveloped realms. (1)
- V Japanese farming villages are so tightly packed together, that only the narrowest passageways remain between the houses. This reflects the need to allocate every square meter of land to farming. (1)
